OBJECTIVE

Hi there! I'm **Sabir Ud Din**, a skilled MERN Stack Developer who loves turning ideas into awesome websites. With 3 years of experience in this feild I make websites not just work, but look fantastic too. Always learning the coolest stuff in web development, and currently adding BlockChain to my toolkit for even cooler things. I'm not just about code ,I'm big on people skills too. Let's build something amazing together!

EXPERIENCE

MERN Stack developer at Brandora :   *(May 2023 - Present)*

At Brandora Agency, I contributed to several projects including SendApp Projex and Liauto. SendApp Projex & discussApp is a comprehensive communication and project management tool designed to streamline collaboration and enhance productivity within teams. Liauto, on the other hand, is a specialized LinkedIn lead generation tool aimed at optimizing networking and business development efforts on the LinkedIn platform.

Data Analyst at Uzair Technologies: *(Dec 2021 – May 2023)*

At Uzair Technologies, my focus was on Python programming and data analysis. I engaged in tasks involving data manipulation, statistical analysis, and visualization using Python libraries. Additionally, I worked extensively with various datasets, employing techniques to extract meaningful insights and support decision-making processes.
